

## INDEPENDENT AUDITORS' REPORT

To the Mayor and Common Council  
City of Franklin  
Franklin, Wisconsin

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Franklin, Wisconsin, as of and for the year ended December 31, 2007, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Franklin's management. Our responsibility is to express opinions on these financial statements based on our audit. The prior year comparative information for the enterprise funds has been derived from the City of Franklin's 2006 financial statements and, in our report dated May 7, 2007, we expressed an unqualified opinion on the respective financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Franklin, Wisconsin, as of December 31, 2007, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 5 F., the City adopted the infrastructure capitalization provisions included in Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, effective January 1, 2007.

To the Mayor and Common Council  
City of Franklin

The management's discussion and analysis on pages 12 through 24 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Franklin's basic financial statements. The combining and individual fund financial statements and schedules as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The "Letter of Transmittal" and "Statistical Section" listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements of the City of Franklin, Wisconsin. The information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on such information.
